WEBSITE GROWTH AUDIT

RX Beauty Clinic

rxbeautyclinic.com | Toronto, Canada | Prepared for the RX Beauty Clinic team

A Toronto med spa founded in 2024 appears to lose bookings to dead menu items and an empty results section.

What I found on your website

What I saw	What it costs you	The fix
Eight menu items, including Services, Potenza and Laser, appear to link to #.	Patients exploring treatments cannot get to them.	**Working pages behind every menu item.**
The phone link appears to be written tel:\(647\) 288-0278 with escaped characters.	Mobile visitors tapping to call may get nothing.	**A clean tel link.**
The See Our Clients Transformations section appears to show only Button labels and no results.	Med spa patients buy on visible results.	**Real consented before and after photos.**
No practitioner names, credentials or reviews appear, and Skin Tightening appears under three different page addresses.	Patients want to know who treats them, and duplicate pages weaken search ranking.	**Practitioner profiles, reviews and one page per treatment.**

What your new website will do for RX Beauty Clinic

- Working menu pages.
- Results gallery.
- Practitioner profiles and reviews.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
