WEBSITE GROWTH AUDIT

HK Advocates

hkadvocates.com | Abu Dhabi and Dubai | Prepared for Hamdan Alkaabi

Your site shows serious clients and three UAE offices, but unfinished numbers and missing proof weaken the first impression.

What I found on your website

What I saw	What it costs you	The fix
Every statistic counter appears to read 0 + or 0 K+, including Branches in UAE, while the text says 3 offices.	Zero counters look broken and give a client no proof of your track record.	**Real, working numbers.**
The Client Testimonials section lists only client names (Modon, DAMAC, UBL) with no quotes, and the Our Team button links to #.	Corporate clients want to see who you act for and who will act for them.	**Short client quotes and a working team page.**
Typos such as recogniztion, Our attorneys always here and We have accomplished to best outcomes. The firm name appears three ways.	Errors on a law firm page lower trust.	**Proofread copy and one brand name.**
Stray text Artboard 1 Free Consultation shows as a link label, Free Consultation buttons point to #contact, and there is no WhatsApp. Two phone numbers appear with no explanation.	Clients who are ready to call face unclear options.	**One clear contact path with WhatsApp and the right number per office.**

What your new website will do for HK Advocates

- Working counters, client quotes and a team page that builds trust.
- A free consultation form, WhatsApp and a clear number for each office.
