WEBSITE GROWTH AUDIT

Clinica Errami

clinicaerrami.com | Jumeirah 1, Dubai | Prepared for Dr Shirin and the team

A Jumeirah location, a named doctor and WhatsApp booking are strengths, but blank images, repeated cards and unclear booking buttons appear to cost you bookings.

What I found on your website

What I saw	What it costs you	The fix
Several images have empty sources, including Body treatments, Clinica Errami and Google Reviews, and the Price List link has no target.	Blank images and a dead price link hide proof and prices that patients look for.	**Real images and a working price list.**
The Body, Skin, Wellness and Face cards and the Popular Treatments block each appear twice, and several headings such as Latest Technology have no text under them.	Repeated and empty sections make the page feel unfinished.	**One clean structure with finished sections.**
A blog heading says Clinica Erami, Speak to a Expert is misspelled, and the page claims 1500+ Satisfied Customers while Instagram says 1000+ Happy Clients.	Typos and conflicting numbers weaken trust.	**Proofread copy and one verified set of figures.**
The Book Your Appointment buttons lead to no visible form, only four undated reviews show, only one doctor has a profile, and WhatsApp links show tracking tags.	Patients ready to book face extra steps and thin proof.	**A booking form, a full review wall and complete doctor profiles.**

What your new website will do for Clinica Errami

- Real images, a working price list and a clean page structure.
- A booking form with WhatsApp that sends a clean message.
- A full review wall and complete doctor profiles.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
