WEBSITE GROWTH AUDIT

Earlsbridge Dental

earlsbridgedental.com | Brampton, Canada | Prepared for Dr Gurdeep Singerkhanee

A Brampton practice with direct billing and digital dentistry is a strength, but dead menu links and no visible hours appear to cost you new patients.

What I found on your website

What I saw	What it costs you	The fix
Main menu items Dental Services, Patient Info, News, Contact Us and Digital Dentistry appear to link to #.	Patients clicking the menu get nowhere, so they leave before finding your services.	**Working menu pages for every section.**
The Request a Consultation form appears to state 'simply a request, and not an actual appointment' and asks for a preferred date and time with no date field.	Patients who want to book cannot, and the form gives them no certainty.	**A real online booking calendar.**
The Opening Hours link appears to go to the contact page and no hours appear, and the map link appears to contain the placeholder 'Your+Location'.	Patients cannot see when you are open or get directions.	**Visible hours and a correct map link.**
The heading 'Why choose Earlsbridge Dental?' appears with no content under it, 'Our solutions includes' appears, and no patient reviews appear.	Empty sections, typos and missing reviews weaken trust.	**Written benefits, proofread copy and real reviews.**

What your new website will do for Earlsbridge Dental

- Working menu and pages.
- A real booking calendar.
- Visible hours, reviews and clean copy.

How it works

1 **15 minute call**
I show you a preview of your new design. No cost.

2 **Approve the look**
You pick changes. I build in days, not months.

3 **Launch and track**
Booking, WhatsApp and forms tested on mobile before go live.

Book your 15 minute preview call
