WEBSITE GROWTH AUDIT

Al Adl Legal Consultants

aladllegal.com | Business Bay, Dubai | Prepared for the Al Adl Legal team

Al Adl Legal has a free consultation form, a WhatsApp button and a click to call number. Claims that contradict each other make a client doubt which promise is true.

What I found on your website

What I saw	What it costs you	The fix
The hero says Available 24/7 and Same-Day Response, but the footer lists Monday to Friday, 8:00 to 18:00.	A client who messages at night expecting a reply and gets none leaves and may leave a bad review.	**One accurate availability message everywhere.**
The hero shows 4.8 stars and 200+ reviews, but no reviews or testimonials appear on the page. Five team photos show names only, with no titles or practice areas.	Proof that is claimed but not shown does not persuade, and unnamed roles weaken trust in the lawyers.	**A review wall from your Google reviews and team profiles with roles and experience.**
Two different phone numbers appear (+971 50 225 1021 and +971 4 834 2207), and the figures conflict: 50,000,000+ and 50M+, 400+ clients and Over 400+ clients, and 38+ Countries on a UAE page.	Conflicting numbers make clients unsure which to call and which claim is true.	**One phone number set and one verified set of figures.**
Typos such as immediately.The and law,you have, a stray + next to Services, empty menu bullets, and the same blog image reused for three articles.	Small errors in a law firm's own copy weaken trust in the care taken on a client's case.	**A proofread build with unique images for each article.**

What your new website will do for Al Adl Legal Consultants

- A conversion first homepage with one consultation form near the top and one accurate availability message.
- Proof beside every button: your 4.8 rating shown with real reviews, named lawyers and case outcomes.
- Practice pages written to rank for searches like labour lawyer Dubai and end of service claim Dubai.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
