WEBSITE GROWTH AUDIT

Amiri Advocates and Legal Consultants

amiriadvocates.wixsite.com | Dubai, UAE | Prepared for the Amiri Advocates team

A Dubai advocates firm founded in 2012 appears to lose client trust to a free builder address, a 2017 footer and raw page labels.

What I found on your website

What I saw	What it costs you	The fix
The site appears to run on a free Wix address, with a banner that says This website was built on Wix.	A free builder address and banner make a law firm look temporary to corporate clients.	**Your own domain and a clean branded site.**
The footer appears to read 2017.	An old year suggests the firm is not active online.	**A footer that updates by itself.**
Raw labels such as practice_areas and our_vision appear in the page text.	Code labels make the page look unfinished.	**Real headings for every section.**
No WhatsApp appears, only a phone, a fax number and a form.	Many clients message first and call later.	**WhatsApp and a short enquiry form with matter type.**

What your new website will do for Amiri Advocates and Legal Consultants

- Own domain and branded site.
- Current footer and clean headings.
- WhatsApp and enquiry form.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
