WEBSITE GROWTH AUDIT

# Annex Dental Clinic

annexdentalclinic.com | Toronto, Canada | Prepared for the Annex Dental team

A Bathurst Street dental clinic appears to lose new patients to a builder footer, a hotmail contact and a booking form with no clear next step.

## What I found on your website

| What I saw | What it costs you | The fix |
|---|---|---|
| The footer appears to say Proudly created with Wix.com, with no clinic name or year. | A builder credit and no clinic name make a new patient see a template instead of a trusted practice. | **A footer with your clinic name and a clean finish.** |
| The contact appears to be a hotmail address, a phone number and a fax number. | A free hotmail address gives less trust for implants and veneers, and a fax number looks dated to a younger patient. | **A professional email on your own domain.** |
| The appointment form appears to offer every hour of the day, from 12:00 AM to 11:00 PM, plus a stray 02:30 PM option. | A patient picking a time at midnight gets a confusing form, and a confusing form means fewer booked visits. | **A booking form that shows only your open hours.** |
| No text or WhatsApp option appears on the page. | Patients who want a quick answer have only a phone call, and many will not wait for a call back. | **A one tap text button next to the form.** |

## What your new website will do for Annex Dental Clinic

- Clean footer with your name.
- Professional email on your domain.
- Booking form with real hours and a text button.

## How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.

### Book your 15 minute preview call
