WEBSITE GROWTH AUDIT

Aurantius Real Estate

aurantius.ae | Dubai Marina | Prepared for the Aurantius team

Your site has a real team, a CEO message and WhatsApp links, but dead buttons and placeholder text sit exactly where buyers and sellers want to act.

What I found on your website

What I saw	What it costs you	The fix
Buy a property, Sell a property and Get a consultation point to #. The menu parents Rent & Sale, Services and Academy also point to #.	These are your main money buttons, and a dead button loses the lead.	**Every key button linked to a real page or form.**
A popup says Our Spring Sale Has Started, includes a developer note (You can see how this popup was set up in our step-by-step guide) and gives no offer.	A leftover note in front of customers looks careless.	**A real offer or no popup.**
The reviews section shows only image frames and a Leave a Review link, with no written testimonials.	Buyers and sellers want proof from past clients.	**A live review wall and case results.**
Placeholder text such as image () and Frame (), a title ending in IMTIAZ R, an odd long dash inside the word off-plan, and a dropdown reading 1st of the month15th of the month.	Small errors across the page cost credibility with investors.	**A clean, proofread build.**

What your new website will do for Aurantius Real Estate

- Working buy, sell and consultation paths with a short form and WhatsApp.
- A live review wall, case results and clean, proofread property pages.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
