WEBSITE GROWTH AUDIT

Bondi Dental

bondidental.com.au | Bondi Beach, Sydney, Australia | Prepared for Dr Haddon Suttner

A Bondi Beach practice open 8am to 8pm with on site 3D printing is a strength, but dead menu links and booking that leaves the page appear to cost you patients.

What I found on your website

What I saw	What it costs you	The fix
The Clinic Hours link appears to point to #, and General and Preventive Care and Orthodontics under Treatments appear to link to # as well.	Patients looking for hours or those treatments land nowhere.	**Working pages for hours and every treatment.**
The headings About Bondi Dental, On-Site 3D Dental Printing and Patient Parking appear with no text under them, and 'Pin It on Pinterest' appears as stray text.	Empty sections hide your strongest selling points and look unfinished.	**Written content for each section.**
The hero appears to offer only a free 10 minute consultation linking to a contact page, and online booking appears to exist only through an outside link.	Patients ready to book have to leave your site, and some will not return.	**A booking calendar on your own page.**
The email appears to be a free hotmail address, only one dentist appears named, and the claims 'no.1 choice' and 'best yet affordable' appear with no evidence.	A free email and unproven claims weaken a premium practice.	**A business email, named team and real reviews.**

What your new website will do for Bondi Dental

- Working treatment and hours pages.
- Written sections.
- A booking calendar and visible proof.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
