WEBSITE GROWTH AUDIT

Borovac Dentistry

borovacdentistry.com | Toronto, Canada | Prepared for Dr Vesna Borovac and team

A Yorkville cosmetic practice appears to lose enquiries to dead menu links, an email link that may not open and no online booking.

What I found on your website

What I saw	What it costs you	The fix
The About Us and Dental Services menu items appear to link to #, and the Email Us link appears to lack a mailto prefix.	Patients cannot reach key pages, and tapping to email may do nothing.	**Working menu pages and a proper email link.**
Book an Appointment appears with no booking form or scheduler, so every route is a phone call or email, and the only hours shown are Mon to Fri 8am to 5pm.	Patients who want to book online or after hours go elsewhere.	**An online booking form and complete hours.**
The phone link title appears to read About Dr. Borovac, service card links appear titled for different services, and one service appears under two different page addresses.	Mismatched labels and duplicate pages confuse patients and search engines.	**Correct labels and one page per service.**
Gallery and blog cards appear to be blank placeholders, no testimonials appear, and a Covid-19 preparedness page appears to remain linked.	Cosmetic patients buy on visible results and current information.	**A results gallery, reviews and current content.**

What your new website will do for Borovac Dentistry

- Working menus and email link.
- Online booking and hours.
- Results and reviews.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.

Book your 15 minute preview call
