WEBSITE GROWTH AUDIT

Christie's International Real Estate Dubai

christiesrealestatedubai.com | Dubai | Prepared for the team

A global luxury brand and Emirates Hills and Palm Jumeirah listings are strengths, but listing errors and hidden contact details appear to cost you leads.

What I found on your website

What I saw	What it costs you	The fix
Listings appear to offer only Email or 'Price on application' with no enquiry form visible, and no phone number or office address appears on the page.	A buyer who wants to ask a question has no easy channel.	**Enquiry form, WhatsApp and visible office details.**
'Ultra-Luxurious | Custom-Built | Golf Course View' appears twice under Featured villas, and prices appear with a stray 'i' such as 'AED 33,683,187 i'.	Duplicate listings and stray characters look careless for a luxury brand.	**Clean listing feed.**
The Rental Period filter appears to read 'Montly', a testimonial appears to say '7 days a a week', and its heading says Hanan Newair while the text says Newan.	Typos on a global brand site weaken trust.	**Proofread copy.**
Popular areas appear as '1 properties', two Paris listings share the same title, and only four testimonials appear with no dates.	Small content errors and thin proof lose high value buyers.	**Correct grammar, unique titles and dated reviews.**
