WEBSITE GROWTH AUDIT

Coreo Real Estate

mycoreo.com | The Pearl, Doha | Prepared for the team

A Pearl based agency with a 4.9 rating is a strength, but zero statistics and dead buttons appear to cost you buyers and landlords.

What I found on your website

What I saw	What it costs you	The fix
Properties Managed, Years In Operations, Properties Sold and Google Reviews each appear to show 0 beside a 4.9 rating.	Zeros on a proof section make an established agency look new.	**Real live numbers.**
Apply Now, Mortgage Calculator, Login, Join and FAQ appear to link to #.	Visitors who click the key tools reach nothing.	**Working buttons and pages.**
The page appears to show 'Unlock access to a better webflow experience.' and no contact form, only a newsletter email field.	Builder leftovers and no enquiry form lose leads.	**Clean copy and an enquiry form with WhatsApp.**
The developer logos appear twice in a row, a 2025 trends article appears dated April 3, 2024, some listings appear to use placeholder photos, and rents appear as '6499' with no period.	Repeated blocks, stale posts and unclear rents weaken the listings.	**Clean layout, fresh posts and clear rent periods.**

What your new website will do for Coreo Real Estate

- Real live statistics.
- Working buttons and an enquiry form with WhatsApp.
- Fresh posts, real photos and clear rents.

How it works

2	**Approve the look** You pick changes. I build in days, not months.
3	**Launch and track** Booking, WhatsApp and forms tested on mobile before go live.
