WEBSITE GROWTH AUDIT

Crossroads Dental Clinic

crossroadsdentalclinic.com | Sheikh Zayed Road and Deira, Dubai | Prepared for Dr. Shams and the team

Crossroads has strong Google reviews, two branches, financing options and a booking form. The page hides that form and has errors that weaken a clinic selling implants.

What I found on your website

What I saw	What it costs you	The fix
Book An Appointment is buried inside the Contact Us dropdown instead of being a visible header button. Hero buttons use mixed labels such as For Appointment, Visit Us twice and about us in lowercase.	A patient ready to book has to hunt for the form, and many will not.	**One clear Book Now button in the header and hero, on every page.**
Menu links for Root Canal Specialist, Implantologist, Gallery and Contact Us go to #, and the Instagram, LinkedIn and Facebook icons link to #.	Dead links lose visitors and remove your best proof, since social pages show real patients.	**Working links everywhere and a real gallery page.**
Typos and stray text: Impantologist, a Slide 1 label, stray 18 text in the gallery, and weekday opening hours missing. The Smile Transformations gallery shows no before and after images.	For a clinic selling implants, a typo in the title of the main specialist weakens trust, and a missing gallery hides your results.	**A proofread build with full opening hours and captioned results.**
The booking form has no doctor preference and a fixed time list that ignores each branch's different Sunday hours. There are no starting prices.	Patients who cannot choose a doctor or see a price drop out or book elsewhere.	**A branch aware booking form and starting prices for top treatments.**

What your new website will do for Crossroads Dental Clinic

- A booking first header and hero, with branch, doctor, treatment and time in one short form.
- A real before and after gallery and your Google reviews beside every booking button.
- A page per treatment and per doctor, written to rank for searches like dental implants Dubai.

How it works

1	**15 minute call** I show you a preview of your new design. No cost.
2	**Approve the look** You pick changes. I build in days, not months.
3	**Launch and track** Booking, WhatsApp and forms tested on mobile before go live.
