WEBSITE GROWTH AUDIT

De Krupe Law

dekrupelaw.ca | Toronto, Canada | Prepared for the De Krupe Law team

A Toronto real estate and wills firm appears to lose trust to unfinished cookie text, an old footer year and scattered phone numbers.

What I found on your website

What I saw	What it costs you	The fix
The cookie notice appears to show unfilled placeholders such as {vendor_count} and {title}.	Template code on the first screen looks unfinished to a client about to share personal details.	**A working cookie banner with real wording.**
Four different phone numbers appear across the page.	Clients do not know which office or line to call and may give up.	**One main number and a clear office list.**
The footer appears to read 2025 beside a web design credit.	An old year suggests the site is not kept up to date.	**A footer that updates by itself.**
No WhatsApp appears and the menu lists a very long set of practice items.	Long menus and no quick message path hide the main call to action.	**A shorter menu and WhatsApp on every page.**

What your new website will do for De Krupe Law

- Clean cookie banner.
- One main number.
- Shorter menu and WhatsApp.

How it works

1	**15 minute call** I show you a preview of your new design. No cost.
2	**Approve the look** You pick changes. I build in days, not months.
3	**Launch and track** Booking, WhatsApp and forms tested on mobile before go live.

Book your 15 minute preview call
