WEBSITE GROWTH AUDIT

Dia Dentistry

diadentistry.ca | Brampton, Canada | Prepared for the team

A Brampton practice open Monday to Saturday with weekend appointments is a strength, but no visible booking path and no named dentists appear to cost you patients.

What I found on your website

What I saw	What it costs you	The fix
The FAQ appears to say patients can book online but no booking link or tool appears, and the only prominent button appears to be CALL US.	Patients who prefer to book online have no way to do it.	**A booking form or calendar on the homepage.**
No dentists are named, no testimonials or review count appear, and the page appears to show only a Google badge with no rating.	New patients want to know who will treat them and what others say.	**Named dentists, credentials and visible reviews.**
The address appears as Main Street North in the footer and Main Street in the FAQ, and the hours wording appears to suggest Saturday is the only weekend day.	Mixed details confuse patients planning a visit.	**One address and one clear hours line.**
Thanks for subscribing appears in the page content before any submission, 'We care !' has a stray space, and a sentence appears to be missing a verb.	Placeholder text and typos make a clinic look unfinished.	**Proofread copy and a form message that appears only after submission.**

What your new website will do for Dia Dentistry

- A booking form on the homepage.
- Named dentists and visible reviews.
- One address and hours line, with proofread copy.

How it works

1	**15 minute call** I show you a preview of your new design. No cost.
2	**Approve the look** You pick changes. I build in days, not months.
3	**Launch and track** Booking, WhatsApp and forms tested on mobile before go live.

Book your 15 minute preview call
