WEBSITE GROWTH AUDIT

Digital Implant Clinic

digitalimplantclinic.com | Sheikh Zayed Road, Dubai | Prepared for the Digital Implant Clinic team

Digital Implant Clinic sells a high value treatment from a prime Sheikh Zayed Road address. A patient comparing implant clinics will judge you in seconds. These are the gaps I saw on your public site, and how I would close each one.

What I found on your website

What I saw	What it costs you	The fix
The testimonials section shows blank name placeholders (_____) instead of real patient names, dates or treatments.	An implant is a big decision. Anonymous or unfinished reviews tell a patient that nobody has vouched for you.	**A review wall with real names and star ratings pulled from your Google reviews.**
The only booking path is a Make An Appointment button that sends the patient to a contact page. No inline booking form, no WhatsApp button.	Every extra click and every wait for a callback sends a ready patient to the next clinic on Google Maps.	**Booking form and WhatsApp on every page, so a patient books in under 30 seconds on a phone.**
The headline reads Best Dental Clinic In Dubai with a capital I instead of an l. The header and logo appear twice, there is a blank duplicate paragraph and the copyright line has no year or name.	A clinic that promises precision cannot show typos in its main headline. It weakens trust in your standards.	**A clean, proofread build with one header and consistent copy.**
The newsletter form has a name field but no email field, and the landline phone link is malformed so it will not dial. Before and after photos have no captions.	Broken forms and links lose leads silently. Uncaptioned photos prove nothing to a cautious patient.	**Tested forms and working tap to call, with captioned before and after cases.**

What your new website will do for Digital Implant Clinic

- A fast, modern homepage that leads with dental implants, your highest value treatment, and a clear reason to choose you.
- Booking and WhatsApp on every page, so a patient can book in under 30 seconds on a phone.
- Proof near every booking button: real Google reviews, captioned before and after cases and doctor credentials.
- Treatment pages written to rank for searches like dental implants Dubai and same day implants Dubai.

How it works

1 **15 minute call**
I show you a preview of your new design. No cost.

2 **Approve the look**
You pick changes. I build in days, not months.

3 **Launch and track**
Booking, WhatsApp and forms tested on mobile before go live.
