WEBSITE GROWTH AUDIT

Face by SM

facebysm.com | Paddington, Sydney | Prepared for the team

A Paddington injectables clinic with a shop and press mentions is a strength, but empty sections and leaked developer text appear to cost you bookings.

What I found on your website

What I saw	What it costs you	The fix
The carousel appears to show numbered items 1 to 7 with empty links, and the Latest News heading appears to be followed by treatment and product content, not news.	Empty blocks on the homepage make a premium clinic look unfinished.	**Filled carousel and real news.**
The page appears to show leaked text such as 'Use tab to navigate through the menu items.' and a pain scale line with no rating shown.	Developer text and blank ratings undermine trust before booking.	**Clean copy and a real pain scale.**
Only one testimonial appears with no star rating, twelve In the Press logos appear to have no article links, and no practitioner bio or registration appears.	Thin proof and no named practitioners give new clients little reason to trust.	**Reviews with ratings, linked press and named practitioners.**
The Shop link appears to go to shop.app in one place and facebysm.com/shop in others, the brand appears as Face + Body by SM and Face by SM, and two numbers appear with no address or hours.	Mixed links, names and numbers cost bookings from clients who cannot tell what is right.	**One shop link, one brand name, address and hours.**

What your new website will do for Face by SM

- Filled homepage blocks and real news.
- Reviews, linked press and named practitioners.
- One brand name, address, hours and booking flow.

How it works
