WEBSITE GROWTH AUDIT

Femiclinic

femiclinic.com | Dubai, UAE | Prepared for the Femiclinic team

A Dubai Healthcare City women's clinic appears to lose new patients to a 2021 copyright line and a repeated contact block in its footer.

What I found on your website

What I saw	What it costs you	The fix
The footer appears to say Copyright 2021 femiclinic, and a second copyright mark appears above it.	An old date and a doubled footer make a visitor wonder if the clinic is still active and careful.	**One current copyright line.**
The telephone number and email appear twice in the contact area, once as Info@ and once as info@.	Repeated contact lines look careless and make the footer harder to read.	**One clean contact block.**
The page appears to run to a long list of unrelated services, from Fotona laser and gynecology to allergy testing and detoxification.	A patient looking for one service cannot tell what the clinic is best at, and leaves without booking.	**Grouped service pages with one clear book button.**

What your new website will do for Femiclinic

- Current, clean footer.
- Grouped services.
- Clear booking path.

How it works

   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
