WEBSITE GROWTH AUDIT

Harrar Clinic

harrarclinicharleystreet.com | Harley Street, London | Prepared for Dr Harrar and the team

A Harley Street address and a private GP plus aesthetics offer are strengths, but phone only booking and typos appear to cost you new patients.

What I found on your website

What I saw	What it costs you	The fix
The Appointments link appears to point back to the homepage, and booking is by a mobile number and a fax line with no booking form, WhatsApp or opening hours.	Patients who cannot book online or see hours go elsewhere.	**Online booking and WhatsApp with hours.**
The page appears to say 'are mostly by recommendation but new patients are considered' and shows 10 Harley Street and 10 Sandmere Road without saying which is the main site.	A discouraging line and two addresses cost new patients.	**One clear welcome message and one address.**
Copy appears to include 'We beleive', 'consolodation', 'co-morbitities', 'locallly', 'ablilty' and leftover labels such as Anchor 1, Blog1, About3 and top of page.	Typos and template leftovers undermine a Harley Street medical brand.	**Proofread copy and clean template.**
Social icons appear to link to generic Wix pages, no patient reviews appear, and no CQC or GMC details are shown.	No proof or credentials leaves new patients unsure.	**Real reviews and registration details.**

- One address and a welcoming message.
- Proofread copy, reviews and credentials.

How it works

1. **15 minute call**

2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
