WEBSITE GROWTH AUDIT

Kadoon Clinics

kadoonclinics.com | Riyadh | Prepared for the team

A large network of dental and dermatology clinics is a strength, but a proof section showing zeros and dead booking links appear to cost you patients.

What I found on your website

What I saw	What it costs you	The fix
The stats appear to read Clinics 0, Smiles veneers annually 0 and Our clients over 25 years 0, while the text cites 7 clinics in Al-Malaz and 11 in Al Olaya.	A proof section showing zeros makes a large group look empty.	**Real live figures.**
The About Us, Services and Appointment menu items appear to link to #, and the hero buttons Who we are and Our Services appear to go to the same page.	Patients who tap Appointment or Services reach nothing.	**Working menu and a booking form.**
Copy appears to include 'Kadoon Clincis', 'Kadon Al Malaz Branch' and the unfinished 'as easy as is', and the Malaz branch heading shows an Al Rabwa address.	Typos and mismatched branches weaken a medical brand.	**Proofread copy and correct branch pages.**
The page appears to show no doctor names, reviews or WhatsApp, only a phone number, and all three Recent Videos link to blog-post-image.html.	No proof, no quick channel and placeholder links lose bookings.	**Named doctors, reviews, WhatsApp and real videos.**
