WEBSITE GROWTH AUDIT

La Maison Real Estate

lamaison-re.com | Abu Dhabi | Prepared for the team

A 4.9 Google rating and WhatsApp on the page are strengths, but duplicated forms and mislabeled content appear to weaken your enquiries.

What I found on your website

What I saw	What it costs you	The fix
The page appears to have two near identical lead forms, Book your free consultation and Talk to an advisor placed after the footer logo.	Duplicate forms confuse a buyer deciding where to enter details.	**One clear enquiry form with WhatsApp.**
The section promises Six neighbourhoods but appears to show five area cards, and the card with a Jubail Island image appears to be headed Al Shamkha.	Mislabeled areas make investors doubt the details.	**Correct area cards and labels.**
Several labels appear to run together, such as Ask ourAI Agent, Based on 87 reviewson Google, Mobile numberWith country code and Riviera Residences IISAAS Heights.	Text slips on an enquiry page weaken a premium brand.	**Proofread, clean copy.**
The page cites 4.9 from 87 Google reviews but appears to show six, every exclusive shows On request for price, and 2,000+ Completed projects has no source.	Thin proof and hidden prices lose buyers who compare.	**Visible reviews, price ranges and sourced figures.**
