WEBSITE GROWTH AUDIT

Lasting Smile Dental Clinics

lastingsmile.com | Al Olaya, Riyadh | Prepared for the Lasting Smile team

Lasting Smile has operated since 1998, with WhatsApp in several places. Leftover template details undermine trust right where patients decide.

What I found on your website

What I saw	What it costs you	The fix
The counters (Years of Experience, Happy Patients, Expert Dentists, review score) show 0 as I saw them. The page also gives 28 years and 25 years, and 517 reviews and 527 reviews.	Zeros and conflicting numbers make patients doubt every claim on the page.	**One verified set of numbers, shown correctly.**
All four doctor profile links appear to point to a third party demo domain (demo.awaikenthemes.com), and the slugs do not match the doctors named.	A patient who clicks a doctor and lands on a template demo loses trust in the whole clinic.	**Real profile pages for every doctor.**
The footer phone label shows 920010617 but its link points to a different number. Leftover image labels such as Home 3 and Home 13 remain.	A phone link that dials the wrong number loses calls, and leftover labels make the page look unfinished.	**Correct phone links and a clean, finished page.**
No testimonials are visible, the before and after images have no captions, the blog has no posts and Friday hours are missing.	Patients choose on visible results and clear hours. An empty proof section sends them to a clinic that shows both.	**Real reviews, captioned results and complete opening hours.**

What your new website will do for Lasting Smile Dental Clinics

- A proof first homepage with accurate numbers, real doctor profiles and captioned results beside every booking button.
- A short booking form plus WhatsApp using reliable links, so a patient books in under 30 seconds.
