WEBSITE GROWTH AUDIT

LOLDENT

loldent.ae | Dubai, UAE | Prepared for the LOLDENT team

A JLT dental clinic appears to lose bookings because stats read zero and appointments only reach a generic form.

What I found on your website

What I saw	What it costs you	The fix
The hero counters appear to read 0 for Advanced Dental Treatments, Happy Smiles Transformed and Years of Clinical Excellence, while a 15 plus years badge appears.	Zeros contradict your own claims and weaken trust.	**Working counters or fixed numbers.**
Make Appointment and Contact Us appear to go to the same contact page, and the forms appear to have no date, time or treatment fields.	Patients cannot pick a slot, so many leave.	**A real booking form with date and time.**
The Services menu appears to link to #, and testimonial names appear run together such as William HallManager.	Dead links and garbled quotes look unfinished.	**Working pages and clean testimonials.**
No street address or prices appear, doctor photo file names appear to suggest generated images, and one profile appears twice with different titles.	Patients want a real address, real dentists and clear prices.	**Address, real photos and a price guide.**

What your new website will do for LOLDENT

- Real booking form.
- Working menus.
- Address, real dentists and prices.

How it works

1	**15 minute call** I show you a preview of your new design. No cost.
2	**Approve the look** You pick changes. I build in days, not months.
3	**Launch and track** Booking, WhatsApp and forms tested on mobile before go live.
