WEBSITE GROWTH AUDIT

The London Orthodontic Group

londonlovesbraces.com | London, UK | Prepared for the London Orthodontic Group team

A Knightsbridge orthodontic group appears to lose new patients to placeholder Lorem ipsum text in its Invisalign offer and thin social proof.

What I found on your website

What I saw	What it costs you	The fix
The Invisalign offer section appears to show placeholder Lorem ipsum text.	Patients reading the offer to decide whether to book see dummy text, which makes the offer look unreal and costs the booking.	**A real offer with price, terms and a clear book button.**
The headline proof appears to be 1456 Facebook likes and 874 Instagram reactions next to 12800 Smiles Created.	Small social counts next to a large claim make a premium practice look less established than it is.	**Real reviews, before and after cases and named specialists.**
No WhatsApp or text option appears next to the phone number.	Patients comparing orthodontists message first, and the practice that replies first gets the consultation.	**A one tap text button and online booking.**

What your new website will do for The London Orthodontic Group

- Real offer copy.
- Reviews and cases as proof.
- Booking and text.

How it works

1	**15 minute call** I show you a preview of your new design. No cost.
2	**Approve the look** You pick changes. I build in days, not months.
3	**Launch and track** Booking, WhatsApp and forms tested on mobile before go live.
