WEBSITE GROWTH AUDIT

Marylebone Smile Clinic

marylebonesmileclinic.co.uk | Harley Street, London | Prepared for Dr Sahil Patel

You have booking, WhatsApp and a strong guarantee, but dead menus, conflicting claims and typos weaken a premium Harley Street brand.

What I found on your website

What I saw	What it costs you	The fix
The menu items Smile Gallery, Veneers, Cosmetic Dentistry, Dental Implants and About all point to #.	Patients looking for veneers click your main menu and go nowhere.	**Working menu pages for every treatment.**
The guarantee is described two ways, composite lasts six to eight years in one place and 5 years in the FAQ, and whitening and gum lifts are said to last forever.	Conflicting and unsupported claims erode trust.	**One consistent, accurate set of claims.**
Page claims 200+ Google reviews but shows about ten, some like Legend mate. The heading says London Smile Clinic and the rest says Marylebone Smile Clinic.	Thin reviews and a changing brand name weaken a premium clinic.	**A full review wall and one brand name.**
Typos such as offers veneers are made of and a list of a approved. A form shows the artifact smile Checkboxes Name.	Errors on a premium cosmetic site cost credibility.	**Proofread copy and a clean form.**

What your new website will do for Marylebone Smile Clinic

- Clean menus, one clear guarantee and real results for each treatment.
- A full review wall, named dentists and a simple booking form.
