WEBSITE GROWTH AUDIT

North Shore Orthodontics

northshoreorthodontics.com.au | Sydney, Australia | Prepared for the North Shore Orthodontics team

A long established North Shore orthodontic practice appears to lose new patients to a 2016 footer, plain text phone number and no online booking.

What I found on your website

What I saw	What it costs you	The fix
The footer appears to read Copyright 2016.	A ten year old year makes a visitor wonder if the practice is still current.	**A footer that updates by itself.**
The phone number appears as plain text, not a tap to call link.	A parent on a phone has to copy the number instead of one tap to call.	**Tap to call on every page.**
No online booking form appears, only an Online Referral page and a Contact us page.	Families who want to book at night leave to find another practice.	**A simple new patient booking form.**
The text No results found appears on the page.	Stray messages make the site look neglected.	**Remove leftover search text.**

What your new website will do for North Shore Orthodontics

- Current footer.
- Tap to call.
- Online booking and clean page.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.

Book your 15 minute preview call
