WEBSITE GROWTH AUDIT

Omulique Lawyers

omulique.ca | Toronto | Prepared for the team

A free consultation offer, 18 languages and a one hour reply promise are strengths, but unfinished pages and a form that appears missing cost you enquiries.

What I found on your website

What I saw	What it costs you	The fix
The page says to use the yellow form below, but no form appears in the page text, and the only other options are email and phone with no WhatsApp.	Immigration clients decide fast and leave when the form is not there.	**A working enquiry form with WhatsApp.**
Several service pages appear to link to placeholder addresses such as /new-page-1, /new-page-20 and /new-page-83.	A client who clicks a service and finds nothing doubts the firm.	**Real service pages that rank on Google.**
The page shows no lawyer names, 'Happy clients can't be wrong' with no reviews, and the sentence 'Feel free to email us in' ends without a language before the list.	Clients hire a person, and proof and names are missing.	**Named lawyers, real reviews and clean copy.**
The full menu appears three times, the same team photo appears twice, and an empty cart icon is visible.	Template leftovers make a law firm look unfinished.	**A clean, fast, mobile first layout.**
