WEBSITE GROWTH AUDIT

Paramount Dental Sydney

paramountdentalsydney.com.au | Sydney CBD | Prepared for the Paramount Dental team

Your CBD practice offers a full range of treatments, but the page has template leftovers, no proof and no way to book online from the page itself.

What I found on your website

What I saw	What it costs you	The fix
The heading says Dental clinic near the Eastern Suburbs, but the address is 185 Elizabeth Street in the CBD.	Patients from the east may expect a closer clinic and go elsewhere.	**Clear, honest location copy.**
No booking form, only a link to /book. No WhatsApp, reviews, or named dentists, and Meet The Team names none.	Patients choose a dentist by face and reviews, and many book from their phone.	**Booking form, WhatsApp, reviews and dentist profiles.**
A placeholder reads This is an example. To display your Instagram posts, double-click here, and Delivery & Returns Policy appears as plain text.	Placeholder text on a dental site looks unfinished.	**Remove placeholders and use a real feed or none.**
Typos such as patient care should always comes first and Crows Feet, a repeated menu, and a footer link split into Eas and tern Suburbs.	Errors lower trust in clinical care.	**Proofread, tidy navigation.**

What your new website will do for Paramount Dental Sydney

- Online booking and WhatsApp on every page.
- Reviews, named dentists and a before and after gallery to prove quality.
