WEBSITE GROWTH AUDIT

The Pearl Dermatology and Laser Centre

thepearlderma.com | Doha | Prepared for the Pearl team

Two Doha branches and decades of experience are strong, but a dead menu link, repeated blocks and a booking form that appears to show no fields lose patients.

What I found on your website

What I saw	What it costs you	The fix
The Branches menu item links to #, the Accent Prime Body Contour page uses a generic address, and the Welcome to heading appears twice with no text under it.	Visitors cannot find your two branches and the page looks unfinished.	**Working menus and a clear branch page.**
The expert is named Dr.Hala Taher in one place and Dr. Hala Haj Tajer in another, and the centre is spelled Centre and Center.	Changing names weaken trust and search visibility.	**One consistent name for the clinic and doctor.**
The booking form appears to show labels and a Send button without visible fields, and bookings are not confirmed until a helpdesk call.	Patients who want to book now may leave instead of waiting for a call.	**A working form with branch and time choice and WhatsApp booking.**
One testimonial has a name but no text, before and after photos have no captions, and most images appear to be blank placeholders with no alt text.	Proof is thin where patients decide.	**Full reviews and captioned results.**

What your new website will do for The Pearl Dermatology and Laser Centre

- Working branch pages and one booking path with WhatsApp.
- Consistent doctor and clinic names across the site.
- Full reviews and captioned before and after results.

How it works

1	**15 minute call** I show you a preview of your new design. No cost.
2	**Approve the look** You pick changes. I build in days, not months.
3	**Launch and track** Booking, WhatsApp and forms tested on mobile before go live.

Book your 15 minute preview call
