WEBSITE GROWTH AUDIT

Perfect Smile Dental Centre

perfectsmiledental.ae | Abu Dhabi | Prepared for the Perfect Smile team

Your site lists many treatments and insurers, but it sends patients in circles and shows little proof. These are the gaps I saw on the homepage.

What I found on your website

What I saw	What it costs you	The fix
Smile Gallery, every FAQ question and the opening hours link to #. Header says MOH approval, footer says DOH.	Patients who click for proof get nothing, and mixed regulator labels look careless on a medical site.	**Working gallery, one correct approval number, FAQ that opens.**
No booking form, only phone or WhatsApp. The WhatsApp link is written wa.me/+971..., which may not open.	Evening visitors who want to book online go to a clinic with a form.	**Short booking form and a tested WhatsApp button on every page.**
No patient reviews, no named dentists, no before and after. 'Our Doctors' is only a link.	Veneer and implant patients want faces and results before they call.	**Doctor cards, Google reviews, captioned results.**
Three sections repeat the same claims. Typos such as 'confidence.Whether' and 'Third molar removals,Tooth colored'.	Repeated copy buries your treatments and typos weaken trust.	**One clean services layout with from prices.**

What your new website will do for Perfect Smile Dental Centre

- A booking form and WhatsApp button on every page, with a stated reply time.
- Doctor cards, real reviews and captioned before and after cases.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
