WEBSITE GROWTH AUDIT

Reforme Lab

reformelab.com | Toronto and Mississauga | Prepared for the Reforme Lab team

Two locations, 74 Google reviews and online booking are good foundations, but repeated blocks, dead menus and leftover form text hold the page back.

What I found on your website

What I saw	What it costs you	The fix
The line Combat Dry, Dull Skin, Wrinkles and More. Book Now! appears seven times in a row with nothing different under it.	Seven identical blocks hide your services and look like an error.	**One strong section per service.**
Gallery, Careers and the service categories (Skin Tightening and Laser, Cosmetic Injectables and others) link to #, and a visible label reads Leave this field empty if you're human.	Dead menus and leftover form text look unfinished.	**Working menus and a clean contact form.**
The page says Based on 74 reviews but shows about six, writes ** EXCELLENT ** with stray asterisks, and the brand appears as Reforme Lab and Reform Lab.	Thin review display and slips weaken your proof.	**A full review wall and consistent branding.**
No before and after appears on the homepage, about 20 tiles use keyword style labels, and clinically proven outcomes sits beside a note that outcomes are not guaranteed.	Clients want real results, and mixed claims lower trust.	**Captioned results and consistent claims.**

What your new website will do for Reforme Lab

- One clear page per service with a booking button on each.
- A full review wall, captioned results and consistent claims.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
