WEBSITE GROWTH AUDIT

Shmile Dentist Bromley

shmile.co.uk | Bromley, London, UK | Prepared for the team

A Bromley High Street private practice with Trustpilot reviews and composite bonding is a strength, but dead menu links and two booking routes appear to cost you patients.

What I found on your website

What I saw	What it costs you	The fix
The menu items About, Implants and Hygiene appear to link to #, and Single Implants and Dental Bridge Implants appear to share the same link.	Patients exploring treatments land nowhere or on the wrong page.	**Working treatment pages.**
Two booking paths appear (an outside portal and a Book Appointment page), and a WhatsApp number appears in the header next to a different phone number with no explanation.	Patients do not know which route is correct, and some will give up.	**One clear booking route and labelled contact options.**
The text 'Dentist on Broley', 'Smilining' and 'Childern' appears in image text, and 'Hamburger Toggle Menu' appears as stray text.	Typos and leftover interface text make a clinic look careless.	**Proofread copy and clean markup.**
Only one named testimonial appears, no clinicians are named, and the insurance FAQ appears to answer a different question.	Thin proof and a misleading answer weaken trust and cost bookings.	**Named clinicians, more reviews and accurate FAQs.**

What your new website will do for Shmile Dentist Bromley

- Working treatment pages.
- One booking route.
- Proofread copy, named clinicians and accurate FAQs.

How it works

1	**15 minute call** I show you a preview of your new design. No cost.
2	**Approve the look** You pick changes. I build in days, not months.
3	**Launch and track** Booking, WhatsApp and forms tested on mobile before go live.
