WEBSITE GROWTH AUDIT

Toronto Smile Design

torontosmiledesign.ca | Cumberland Street, Toronto | Prepared for Dr Johnson and the team

A cosmetic focus, a three year warranty and implants are strong, but a booking section with no fields and many image typos appear to cost consultations.

What I found on your website

What I saw	What it costs you	The fix
The Book your Appointment section appears to show only a Submit label with no fields, and BOOK NOW appears as plain text, not a link.	A patient ready to book may have no way to do it online.	**A working booking form with date and treatment choice.**
Quick Links such as Smile Makeover, Teeth Whitening and Digital Smile Design have no destination, and Dental Implants and Guided Dental Implants share one page.	Dead service links send patients away from your highest value treatments.	**One working page per treatment.**
Image labels read Porcelaine Veneers, Inlamed Gums, Gum Dipigmentation and Crown Lengthing, and the doctor appears as Dr. Johnson Ozgur, Dr.Johnson and Dr. Johnson Ozgur.	Spelling slips and changing names weaken trust in cosmetic work.	**Proofread labels and one consistent doctor profile.**
The page asks patients to check reviews but shows none, and a comparison to celebrity smiles has no source.	Patients choosing a veneers provider look for real reviews.	**A live review wall and captioned cases.**

What your new website will do for Toronto Smile Design

- A working booking form and one clear page per treatment.
- Proofread copy and a consistent doctor profile.
- Live reviews and captioned smile transformations.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
