WEBSITE GROWTH AUDIT

Vista Properties

vistaproperties92.wixsite.com/vista-properties | Dubai, UAE | Prepared for the Vista Properties team

A Dubai luxury real estate company appears to lose investors to a free builder address, a two item menu and no listings or WhatsApp.

What I found on your website

What I saw	What it costs you	The fix
The site appears to run on a free Wix address, with a Wix banner on the page, though your email uses vista-properties.com.	Investors spending millions look for a serious company, and a builder address looks temporary.	**Your own domain connected to the site.**
The menu appears to have only Home and Blog, and I did not see individual property listings.	Investors come to see properties, and a page with long text and no listings sends them to the big portals.	**Listing pages with photos, prices and filters.**
The homepage appears to be a long text page about the company and neighbourhoods.	Visitors skim, and a wall of text hides the reasons to call you.	**Short sections, proof and a clear call to action.**
A phone number is shown, but no WhatsApp appears.	Overseas investors message first, and the agent who replies first gets the call.	**A one tap WhatsApp button and an enquiry form.**

What your new website will do for Vista Properties

- Own domain.
- Listings and filters.
- Clear action and WhatsApp.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
