WEBSITE GROWTH AUDIT

The Wellness Lab

thewellnesslab.qa | Doha | Prepared for the Wellness Lab team

The Wellness Lab has strong services and 303 reviews, but the page has dead links, mismatched contact details and little visible proof.

What I found on your website

What I saw	What it costs you	The fix
Four of five Signature Treatments cards, including Laser Hair Removal, link to #. The Eid offer button goes to the Ramadan offers page.	A visitor ready to book a signature treatment hits a dead end.	**Working treatment pages with a book now button.**
The email shows .qa but its link goes to .com.qa. One phone link starts tel:++974. 'WhatsApp us' has no number.	Mistyped contact links lose enquiries from phones.	**One checked set of contacts and a real WhatsApp button.**
Header says 303 reviews but about six show. No before and after. Staff names and roles in reviews conflict, and one review says a doctor has left.	Thin proof and stale staff mentions weaken trust.	**Review wall, results gallery and a current team page.**
Typos 'Nutritions & Wellness' and 'big Discount'. Menus repeat. The booking form has no phone field.	Without a phone number you cannot call back an enquiry.	**Clean copy and a form with a phone field.**

What your new website will do for The Wellness Lab

- A clean booking flow with phone, WhatsApp and a clear offers page.
- A proper review wall, results gallery and current team page.

How it works

1	**15 minute call** I show you a preview of your new design. No cost.
2	**Approve the look** You pick changes. I build in days, not months.
3	**Launch and track** Booking, WhatsApp and forms tested on mobile before go live.
