WEBSITE GROWTH AUDIT

Word of Mouth Dentistry

wordofmouthdentistry.com.au | Sydney, Australia | Prepared for the Word of Mouth Dentistry team

A Kogarah dental practice with a multi award claim appears to lose new patients to a leftover Covid notice and thin proof on the homepage.

What I found on your website

What I saw	What it costs you	The fix
A section called Information for Patients Regarding Covid-19 still appears on the homepage.	Old pandemic notices make the practice look stuck in an earlier year.	**Replace it with a current new patient welcome.**
Stray markup characters appear at the top of the page text.	Broken code looks careless on a healthcare site.	**Clean template markup.**
A Multi Award Winning claim appears with no ratings or review excerpt shown on the first page.	A claim with no visible proof is easy to doubt.	**Visible ratings, review quotes and named awards.**
No WhatsApp appears, and booking appears to rely on a Request an Appointment form and a phone number.	Families who want a quick reply choose another practice.	**WhatsApp and instant online booking.**

What your new website will do for Word of Mouth Dentistry

- Current welcome.
- Clean markup.
- Visible proof and instant booking.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
