WEBSITE GROWTH AUDIT

Yonge and Bloor Dental Care

yongeandbloordentalcare.com | Yonge and Bloor, Toronto | Prepared for Dr Hamed Dadjou and the team

A named lead dentist and a central Bloor location are strengths, but conflicting addresses and an empty benefits section appear to cost you new patients.

What I found on your website

What I saw	What it costs you	The fix
The address appears three ways: 2 Bloor Street West Suite 1904 in the header, 2 Bloor St E Unit 1904 in the clinic section, and 2 Bloor St W #1904 in the footer.	Patients and maps get sent to the wrong side of the street.	**One verified address with a map.**
The Patient Benefits section promises options but appears to list none, and the Forms and Sedation Dentistry menu items appear to link to #.	Empty sections and dead links make the practice look unfinished.	**Real offers and working pages.**
What Our Patients Say About Us appears twice with the same two reviews, only three reviews appear with no dates, and the Facebook link appears to go to a login page.	Thin, repeated proof does little to win a new patient.	**Dated Google reviews and a working Facebook page.**
Booking buttons are worded four ways (Book Online, Book an Appointment, Book Appointment, Book Your Appointment) and the page shows no WhatsApp or online chat.	Mixed calls to action and no quick channel lose patients on mobile.	**One clear booking button with WhatsApp.**

What your new website will do for Yonge and Bloor Dental Care

- One address, one clear booking button.
- Real benefits and dated reviews.
- Working links and WhatsApp.

How it works

1	**15 minute call** I show you a preview of your new design. No cost.
2	**Approve the look** You pick changes. I build in days, not months.
3	**Launch and track** Booking, WhatsApp and forms tested on mobile before go live.

Book your 15 minute preview call
