WEBSITE GROWTH AUDIT

York Mills Orthodontics

yorkmillsortho.ca | Toronto, Canada | Prepared for Dr David Morrow

A Toronto orthodontic practice with 27 years of experience and virtual consultations is a strength, but dead menu parents and two different phone numbers appear to cost you new patients.

What I found on your website

What I saw	What it costs you	The fix
The New Patients and Treatment menu parents appear to link to #, and the search control and back to top links appear to link to # as well.	Patients looking for new patient information or treatments land nowhere.	**Working pages behind every menu item.**
The phone number appears as 416-391-4222 in most places and 1.866.486.4876 in the bottom call to action, and hours appear only in the footer.	Patients may call the wrong line and cannot see hours before they call.	**One verified number and visible hours.**
The slider appears to use a dummy.png placeholder, the before and after section appears to show only a placeholder, and the text 'at out office' appears.	Placeholder images and typos make a premium practice look unfinished.	**Real photos, real before and after cases and proofread copy.**
No online booking appears, a COVID-19 update link appears to remain, and no testimonials or reviews appear.	Old links and no proof or booking path lose patients to a clinic that shows both.	**On site booking, current links and visible reviews.**

What your new website will do for York Mills Orthodontics

- Working menu pages.
- One number and visible hours.
- Real photos, cases, booking and reviews.

How it works

1 **15 minute call**
I show you a preview of your new design. No cost.

2 **Approve the look**
You pick changes. I build in days, not months.

3 **Launch and track**
Booking, WhatsApp and forms tested on mobile before go live.

Book your 15 minute preview call
