WEBSITE GROWTH AUDIT

ABS Partners

abspartners.ae | Abu Dhabi | Prepared for Ajmal Khan Nadakkal

Your page has a working contact form and clear practice areas, but a broken phone link, conflicting numbers and no client proof hold it back.

What I found on your website

What I saw	What it costs you	The fix
The phone number in the contact section uses a mailto link, not a tel link.	A client who taps your number on a phone opens an email app, not a call.	**A working click to call link.**
The About section says 2000+ Clients Represented, the statistics say 10K+ Served Clients, and 95% Cases Success Rate has no source.	Conflicting and unsupported numbers weaken trust.	**One verified set of figures.**
No testimonials appear, the team photos, About image and banner appear to be grey placeholders, and there is no WhatsApp.	Clients cannot see who you are or what others say.	**Real photos, client quotes and a WhatsApp button.**
Typos such as View all Expertises and Still Have Questions ?, Ms. Bini Saroj in one place and Dr. in another, and Learn More repeated on every card.	Small errors and vague buttons cost credibility.	**Proofread copy and specific button labels.**

What your new website will do for ABS Partners

- Working click to call and WhatsApp on every page.
- Partner profiles with real photos, client quotes and one verified set of figures.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
