WEBSITE GROWTH AUDIT

Al Baraka Realestate

barakare.wixsite.com/baraka | Dubai, UAE | Prepared for the Al Baraka Realestate team

A Deira real estate office appears to lose enquiries to a one page site, a free builder address and a 2021 date.

What I found on your website

What I saw	What it costs you	The fix
The site appears to run on a free Wix address, with a Wix footer that says Proudly created with Wix.com.	A free builder address and a Wix footer look temporary for an office trading since 1996.	**Your own domain and a branded footer.**
The page appears to carry a 2021 copyright date.	An old date makes buyers wonder if the office is still active.	**A fresh, current page.**
The homepage text appears short and mixes Arabic into an English sentence, and I did not see any property listings.	Buyers and tenants come to see properties, and a page with none sends them to the big portals.	**Property listings with photos and filters, in English and Arabic.**
The menu appears to be Home, Book Online, Contact and About, with no WhatsApp.	Renters message first, and the office that replies first wins the viewing.	**A one tap WhatsApp button and an enquiry form.**

What your new website will do for Al Baraka Realestate

- Own domain.
- Property listings.
- WhatsApp and enquiry form.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
