WEBSITE GROWTH AUDIT

# Al Hamad Advocates and Legal Consultant

alhamadadvo.wixsite.com/website | United Arab Emirates | Prepared for the Al Hamad Advocates team

A UAE law firm appears to lose clients to generic consulting copy, a free builder address and a hotmail contact.

## What I found on your website

| What I saw | What it costs you | The fix |
|---|---|---|
| The copy appears to be generic consulting text, such as Branding & Positioning Analysis and Grow Your Business, and it names no legal practice areas. | A visitor looking for a lawyer cannot see whether you handle their case, so they call a firm that names it. | **Real practice areas written for your clients.** |
| The site appears to run on a free Wix address, with a Wix banner on the page. | A free builder address looks temporary for a law firm. | **Your own domain and a firm email.** |
| The contact appears to be a hotmail address and one phone number, with no WhatsApp. | A free email gives less trust, and clients who want a quick message have no easy way to send one. | **A firm email and a one tap WhatsApp button.** |
| The page appears to carry a 2019 copyright date, and the menu appears to have only Home and Book Online. | A thin, dated page gives a visitor little reason to trust the firm with a case. | **Practice pages, team profiles and an enquiry form.** |

## What your new website will do for Al Hamad Advocates and Legal Consultant
