WEBSITE GROWTH AUDIT

Mohammad Al Najjar Advocates

alnajjarlawyer.com | Dubai, UAE | Prepared for the Al Najjar team

A Business Bay law firm appears to lose enquiries to inconsistent WhatsApp numbers and an old copyright year.

What I found on your website

What I saw	What it costs you	The fix
The header WhatsApp button appears to use one number while the footer appears to use another.	Clients may reach the wrong person.	**One verified WhatsApp number.**
Call For Consultation appears four times with the same wording, and the contact form appears to show no response time.	Generic buttons give no reason to act.	**Specific buttons and a clear response promise.**
The footer appears to show 2023 while images appear dated 2026, and image labels appear as HOME 1 to HOME 61.	Old dates and placeholder labels look neglected.	**A current date and proper image labels.**
Reviews appear as a few words such as Best lawyer with no case types, some appear untranslated, and best law firm claims appear unsupported.	Thin proof does not win high value clients.	**Detailed, translated reviews and sourced claims.**

What your new website will do for Mohammad Al Najjar Advocates

- One WhatsApp number.
- Specific buttons.
- Current dates and detailed reviews.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
