WEBSITE GROWTH AUDIT

Alcove Aesthetics

alcoveaesthetics.com | Pall Mall, London | Prepared for Dr Goziem

Your Pall Mall clinic has Google reviews and a calm, discreet positioning, but template code and conflicting details show on the page.

What I found on your website

What I saw	What it costs you	The fix
The cookie banner shows {title} three times and Manage {vendor_count} vendors. The newsletter form shows name twice and no visible email field.	Unfilled code at the first screen looks careless on a premium clinic.	**A clean banner and working sign up form.**
Session length is 15-30 minutes in one place, 30 in another and about 10 to 20 in the FAQ. Results appear within a few days in the FAQ and in 10-14 days in the summary.	Conflicting facts make patients doubt the information.	**One consistent treatment summary.**
No booking form. Book Now repeats about six times to a separate page, WhatsApp is only in the footer, and no prices show.	Patients who want to book or check cost have to dig, and many leave.	**A short form, a visible WhatsApp button and from prices.**
No before and after photos. Typos include injections injections and a anti-wrinkle. The email is info@drgoziem.com, a different name from the brand.	Cosmetic patients choose on proof, and small errors weaken trust.	**Captioned results, proofread copy and a brand email.**

What your new website will do for Alcove Aesthetics

- A booking form and WhatsApp button on every page, with from prices.
- Captioned results and one clear, consistent treatment page.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
