WEBSITE GROWTH AUDIT

ARP Law Group

arplawgroup.com | Abu Dhabi, UAE | Prepared for the ARP Law team

A UAE law firm site appears to be live with under construction messaging and a contact form that does not appear.

What I found on your website

What I saw	What it costs you	The fix
The page appears to say We are building a better experience for you, with a heading and no content under it.	Visitors may think the firm is not active.	**Finish the page before promoting it.**
The hero headline appears to read WE ARE A FULL SERVICE with no noun.	An unfinished headline weakens first impressions.	**A complete headline.**
The contact section appears to show labels such as NAME and EMAIL with no visible fields or button.	Prospective clients cannot write to the firm.	**A working enquiry form.**
No lawyer names, client results or testimonials appear, and the address appears only in the footer.	Clients want to see who they are hiring.	**Lawyer profiles, results and a visible address.**

What your new website will do for ARP Law Group

- Complete content.
- Working form.
- Lawyer profiles and address.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
