WEBSITE GROWTH AUDIT

Boutique Dental Bondi

boutiquedental.com.au | Bondi, Sydney, Australia | Prepared for the team

A Bondi practice open seven days with implants, injectables and orthodontics is a strength, but placeholder page addresses and no named dentists appear to cost you patients.

What I found on your website

What I saw	What it costs you	The fix
Gum Grafting appears to link to /new-page, and the Surgical Dentistry and Smile Makeover folders appear to link to /new-dropdown-1 and /new-dropdown-2.	Patients clicking those items reach unfinished pages.	**Real pages for every treatment.**
Several services appear to have two page addresses each (teeth whitening, orthodontics, implants, injectables, wisdom teeth), and Explore Invisalign appears to open the orthodontics page.	Duplicate pages split your Google ranking and confuse patients.	**One page per treatment with a dedicated Invisalign page.**
No street address appears, 'open 7 days a week' appears with no opening times, and the page title appears to say Bondi Junction while the body says Bondi.	Patients cannot tell when or where to visit.	**Visible address, hours and one location name.**
No dentist is named, and no testimonials, reviews or accreditation details appear.	New patients want to know who will treat them and what others say.	**Named dentists, credentials and reviews.**
