WEBSITE GROWTH AUDIT

Cohen Handler

cohenhandler.com.au | Sydney | Prepared for the Cohen Handler team

A clear buyers agency offer and video testimonials are strong, but typos and visible form leftovers appear to weaken a premium brand.

What I found on your website

What I saw	What it costs you	The fix
The page shows typos: 'Find our more about our services', 'unprepresented', 'also knows as' and 'Some times'.	Spelling errors undermine a firm that charges for negotiation skill.	**Proofread copy across the site.**
The enquiry form shows a visible validation note beside the Instagram field, and form options run together in one line.	Leftover form text confuses buyers at the moment they enquire.	**A clean, tested enquiry form.**
The Media menu item links to #, Locations has no landing page, and the email is hidden behind a protection code.	Dead menu items and hidden contact details cost enquiries.	**Working menus and a visible contact email.**
Press logos appear to be blank placeholders and most testimonials exist only as video titles with no written quote.	Claims of leading agency status need visible proof.	**Named press logos and written reviews beside the videos.**

What your new website will do for Cohen Handler

- A clean enquiry form and a visible contact email.
- Proofread copy and consistent service names.
- Visible press logos and written testimonials.
