WEBSITE GROWTH AUDIT

# Cosmetic Dental Sydney

cosmeticdentalsydney.com.au | Sydney, Australia | Prepared for the Cosmetic Dental Sydney team

A Kogarah practice claiming 20 years of experience appears to lose enquiries to empty sections and missing hours.

## What I found on your website

| What I saw | What it costs you | The fix |
|---|---|---|
| The denture section appears to show three headings with no text under any of them, and the testimonials area appears to show one image with no quotes. | Empty sections make the practice look unfinished and give no proof. | **Real descriptions and real patient quotes.** |
| No opening hours appear, and two phone numbers appear with no note on which to use. | Patients cannot tell when to call or which line to use. | **Visible hours and one clear number.** |
| Health fund logos appear to be blank grey placeholders, and image labels appear to be raw file names. | Placeholders look unfinished and hurt search visibility. | **Real logos and proper image labels.** |
| The email domain appears to differ from the website domain, and the page says affordable with only whitening prices. | Mismatched domains and vague pricing reduce trust. | **A matching email domain and clearer pricing.** |
