WEBSITE GROWTH AUDIT

The Cosmetic Skin Clinic

cosmeticskinclinic.com | London, UK | Prepared for the Cosmetic Skin Clinic team

A Harley Street non surgical aesthetics clinic appears to lose bookings to stray page code, unshown proof and no WhatsApp.

What I found on your website

What I saw	What it costs you	The fix
Stray markup characters appear about six times in the page text near the header and menu.	Broken code on the first screen looks careless at premium prices.	**Clean template markup.**
A Trustpilot label appears with no rating or review shown beside it.	A rating you do not show cannot persuade a new patient.	**The live rating and two review quotes on the homepage.**
A Multi Award Winning claim appears with no named awards or years visible.	Unnamed awards are easy to doubt.	**Name each award with its year and logo.**
No WhatsApp appears, and the footer copyright line appears to have no year.	Patients who want a quick answer message other clinics first.	**WhatsApp on every page and a current footer year.**

What your new website will do for The Cosmetic Skin Clinic

- Clean markup.
- Visible ratings and awards.
- WhatsApp and current footer.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
