WEBSITE GROWTH AUDIT

Dentistry in the 6ix

dentistryinthe6ix.com | Toronto, Canada | Prepared for Dr Bitaraf and team

A Beaches dental office appears to lose new patients to a 2023 date and a live.com contact.

What I found on your website

What I saw	What it costs you	The fix
The page appears to carry a 2023 copyright date.	An old date tells a patient the office may not be active.	**A current page.**
The doctor email appears to be a live.com address.	A free email gives less trust and can land in spam.	**A clinic email on your own domain.**
No text or WhatsApp option appears, only a phone number and a contact form.	Patients who want a quick answer message first.	**A one tap text button and online booking.**

What your new website will do for Dentistry in the 6ix

- Own email domain.
- Current page.
- Booking and text.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
