WEBSITE GROWTH AUDIT

# The Dome MedDental Clinic

meddental.ae | Dubai, UAE | Prepared for Dr Maria Aleksashina

A JLT clinic with seven named doctors across general, cosmetic and surgical care is a strength, but dead buttons and a typo in the booking button appear to cost you patients.

## What I found on your website

| What I saw | What it costs you | The fix |
|---|---|---|
| Discover our team, Discover our services and the Book now button under Orbital Decompression Surgery appear to link to #, and the footer logo appears to link to #. | Patients who click to learn or book land nowhere. | **Working links for every button.** |
| The booking button appears to read 'book appoinment', the footer appears to read 'Adress', and the insurance text appears to say 'accepts all major local and international indirect insurance companies'. | Typos on the booking path and in insurance details look careless. | **Proofread copy and correct insurance wording.** |
| The top menu appears to show About us twice and Our team twice, and the hero appears to say 8+ doctors while seven appear in the team section. | Duplicate menu items and mixed counts make the site look unfinished. | **One clean menu and matching figures.** |
| The booking form appears to show an error message as static text, the time picker appears to stop at 19:00 while the clinic is open until 20:00, and the blog excerpt appears cut off mid sentence. | Visible errors and a cut time picker lose bookings. | **A real booking flow with correct time slots.** |

## What your new website will do for The Dome MedDental Clinic

- Working links.
- Proofread copy.
- A clean menu and a real booking flow.

## How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.

**Book your 15 minute preview call**
